Chapter 6: Fishing

Saint-Cyr Lake is a closed lake, open all year round to anyone wishing to practice a fishing activity. Catch & Release is the only technique allowed except for wels catfish and catfish,

Article 1: Anglers are asked to respect the zones designated by SAGA. Fishing is authorised in designated areas, which are demarcated and signposted. A map of the fishing zones, regulations and fishing rules are posted around the park.

Article 2: The federal fishing card is unnecessary. However, those wishing to fish at Saint-Cyr must pay for a fishing permit and adhere to the current regulations of the Park. They must also show, when asked, some form of documentation.

Article 3: The staff of SAGA, administrator of the site, is in charge of monitoring and enforcing these rules & regulations with the intervention of external authorities when necessary. Those repeatedly breaching these regulations will be ejected from the Park with no refund.

Article 4: Anglers are asked to adhere to the current general fishing regulations in the Vienne *département*, updated yearly with a *préfectoral* decree, taking into special consideration that of the size of the fish.

Article 5: Material necessary to fish in Saint-Cyr Lake :

- RODS: 3 rods maximum allowed per angler. When away from the swim, all lines must be pulled in. Never leave your rods unattended.
- UNHOOKING MAT: All anglers must be in possession of an unhooking mat, adapted in size to the type of fishing practiced.
- LANDING NET: All anglers must be in possession of a landing net, which must be of an adapted size.
- DISINFECTANT: All anglers must possess disinfectant. Caught fish must be treated with an antiseptic solution before being carefully returned to the water. Do not keep them in a fish cooler bag.
- LEADER: Only nylon fish lines are allowed for Catch & Release technique. Braided fish lines and butt sections are forbidden.
- TIPPET: the tippet must be heavier than the leader.
- HOOKS: Maximum hook size is No. 4. One fishhook or micro barb hook per rod allowed. The use of bait for carnivorous fish is authorised with barbless or filed barbed hooks.
- All rigging must ensure the safety of the fish. "Lead Core" lines are forbidden.
- BAIT: (subject to analysis made by Regional Health & Safety Agency)
- Light bait (made of biodegradable matter, natural flour based) is acceptable as well as other forms of bait (hard boiled wheat, maggots, worms, earthworms)
- Heavy bait is completely forbidden (crab, blood, earth, cooked products) as well as all types of grain. Only pellets, balls and cooked grains retail bought are allowed.
- Motorised baiting is not allowed in any part of Saint-Cyr Leisure Park.

Wading is allowed up to the waist and should not affect the swim of other anglers around you. Bait boats and are not authorised

SAGA reserves the right to check rigging used and material used.

Swimming and making fires are both forbidden.

Article 6: All small boats are forbidden in the water, except those deemed for security. Inflatable motorised boats like « Float Tubes » are not allowed in any part of the lake, exemption may apply from SAGA.

Article 7: Only fishing and baiting from the banks is allowed in areas designated for this purpose. The authorised banks are clearly marked as stipulated in article 1 of the regulations. Fishing is the responsibility of those practicing and theirs alone. Anglers should not, at any time, degrade the banks and must respect all activities that take place at Saint-Cyr Leisure Park.

Article 8: Serious injury caused to the fish, especially marking, is prohibited. Fish farming is also forbidden in all parts of the Saint-Cyr Lake and Leisure Park.

Article 9: Anglers are asked to leave the banks clean and not to throw any waste or fishing material into the lake.
